Discover the Clymer Library in October

A Word From Our Director

Happy Fall, everyone! You will have to stop by and see the updates that are completed. We now have bright, wonderful LED lighting. As you read this, we are installing a new HVAC system, so we can be toasty warm this winter. All of this is possible from a wonderful grant from the Hughes Foundation. Along with HVAC and lights, we will be installing carpet and painting. Come look at the samples! Another grant from the Abeloff Foundation will allow us to have automatic handicap-accessible doors. The Monroe County Bar Association has given money for STEM, and it includes a multifunctioning presentation screen that even has videoconferencing. The Nelson Foundation has given us a grant to support even more expanding programs. Next month I will give you more details on all the improvements. We are growing, shining, and becoming more user-centric. We are here for you.

Let us know if there is a project or improvement you would like to see.

More updates are coming thanks to the wonderful help from all the organizations who gave us grants!

Clymer Library Annual Fund is Now at 60%

The Campaign runs until December 31, 2018. We encourage you to visit the library and watch the Annual Fund Tree Grow. You can make online and mail-in donations. Please ask for the form at the front desk. Help us meet the ever growing and changing needs of the community.
