

Who We Are

The mission of the Clymer Library is to make available a wide range of Library materials and services of both a high-demand and educational substance. These materials will be available primarily for residents of Tobyhanna and Tunkhannock Townships and secondarily for members of other libraries.

The Clymer Library also realizes that many members of the community may not be able to keep pace with recent technological advancements and thus strives to be at the forefront of offering its patrons access to these revolutionary materials.
